Dear Mr. Flanagan:

Thanks for your letter and the notations on the ms.

I will work on the ms. as I can during the next few months. With the help of your specific questions, I'm sure it can be greatly improved from both our points of view. My main problem will be to expand the presentation for clarity, and keep the total within your reasonable 4,000 word limit, which will just mean some judgment on what to leave out.

I'll be in touch with you again when I have some idea how things are going.

Yours sincerely,

Joshua Lederberg
